### Hezlett House

This single-storey thatched cottage dates from c.1691 when it was probably built as a parsonage for the rector of Dunboe. The house is particularly interesting for its cruck construction, a form not often seen in Northern Ireland at this date. Several areas in the house are left bare to expose the cruck trusses and other structural details. In 1761 the house was acquired by a Presbyterian farmer, Isaac Hezlett, whose family continued to live there until the National Trust acquired the property in 1976. Open every third weekend of the month with guided tours. Opening hours: 11am-4pm

# Dunluce Castle

Explore Dunluce Castle, one of the most picturesque and romantic of Irish castles. With evidence of settlement from the first millennium, the present castle ruins date mainly from the 16th and 17th centuries. It was inhabited by both the feuding McQuillan and MacDonnell clans. Historical and archaeological exhibits are on display for your viewing. Guided tours and self-guiding available. No dogs permitted except assistance dogs.

## Regular opening hours are:

**Note:** Last admission is 30 minutes before closing. The site is on a steep gradient with various ground surfaces (eg, grass and cobbles) and may not be suitable for those with limited mobility. ## Rathlin Island

Rathlin Island is an iconic landmark off the northern coastline of County Antrim and forms part of the panorama of the Causeway Coastal Route. It lies just six miles off the coast from Ballycastle. The high sea cliffs lend an aura of mystery and induce the urge to explore what lies beyond, but arguably, its greatest asset is the breeding seabird colony. The island also boasts significant natural heritage sites and is internationally important for its flora and, in some cases, its unique marine life. Visitors' cars are restricted, and the roads are quiet and ideal for walking and cycling. On the island you can follow the Sustrans National Cycle Network Route 93 to the West Lighthouse, East Lighthouse and Rue Lighthouse or follow any of eight walking trails. To reach the island, take the ferry from Ballycastle Harbour to Church Bay, Rathlin. There are two ferries and the journey will take no longer than 40 minutes. You can choose to do a round trip in a day or stay a while and enjoy unique accommodation and hospitality. The island's strong cultural heritage, with storytelling songs and music is legendary.

# GOLF

Royal Portrush is set to host The 153rd Open in 2025, once again providing an outstanding showcase for golf in the region. We are still brimming with pride following the success of The 148th Open. The scenes when Irishman Shane Lowry lifted the Claret Jug at Royal Portrush will live long in our memories and we look forward to making new ones in 2025. The 148th Open served to enhance the Causeway Coast and Glens' long-established reputation for great golf and golf events at Championship Links, including Portstewart Golf Club and Castlerock Golf Club. And, it's not just the courses that are famous – no less than three Major title winners have lived here, namely Fred Daly, Darren Clarke and Graeme McDowell.

As befitting an area rich in golf heritage, there are several courses, both links and parkland, where golfers may test their skills. For budding golfers, there are courses to develop their swing at less challenging Par 3 or pitch and putt courses.

# Game of Thrones®

Game of Thrones® is an original HBO series based on George R.R. Martin's best-selling fantasy novels, *A Song of Ice and Fire*. Since the pilot in 2009, the show was filmed across various locations in Northern Ireland and many of them are in the Causeway Coast and Glens. For cast members, Michelle Fairley (Catelyn Stark) and Conleth Hill (Lord Varys), it was something of a homecoming, as they originally hail from Coleraine and Ballycastle. Walk in the footsteps of your screen heroes and villains with a guided or self-guided tour.

For full details on scenes and locations download the free NI Screen Game of Thrones® Filming Locations Northern Ireland app for Apple and Android devices. The app also includes information on the unique 10 Doors of Thrones that work together to tell the tale of Season 6. Follow the Journey of Doors and get your Doors of Thrones Passport stamped at three locations in the Causeway Coast and Glens. # Portballintrae

Portballintrae is a seaside village close to Bushmills with a small sandy beach and pretty harbour area. There is a car park, picnic area, toilets and shop adjacent to the beach. Popular with families with small children, it is not suitable for swimming due to dangerous conditions. The small harbour is a focal point for many water activities in the village. Runkerry Beach is also a wonderful place to explore but is not suitable for bathing or water sports due to rip currents.

The village has close associations with La Girona, one of 24 ships from the 1588 Spanish Armada that were wrecked along the Irish coast. Its treasure, recovered by divers during the 1960s and brought ashore at Portballintrae, can be viewed today in Belfast's Ulster Museum.

The village also acts as a trailhead for many wonderful coastal walking opportunities, including the section of the Causeway Coast Way providing off-road walking to the Giants Causeway, approx. 1.5 miles away.

## Broighter Gold Rapeseed Oil

Experience Broglasco Farm, a working farm where depending on the time of year, you may see fields being worked, the oilseed rape in bloom or farmer Richard in the combine, harvesting some of the crops. You will also be guided through their process of harvesting the rapeseed oil, visiting the pressing room and bottling room, and, of course, there will be plenty of Broighter Gold Rapeseed Oil for you to take home with you when you are ready to leave. It's difficult to say what else you will see as you just never know what is going to be happening on the day until you arrive! But it's guaranteed that you will experience a farm walk, see machinery, visit the pressing room, bottling plant and the small gift shop where you can make a purchase. You'll also learn about the Broighter Hoard and where it was discovered. Must be booked in advance.
